

The Hugh Williamson Foundation

Vision of the Region Dinner

Friday 31st May
6:30-10:00pm
Lakeside Hotel
286 Napier St, Bendigo

What next big things should be on the drawing board for North Central Victoria?

In the 2019 Vision of the Region Dinner our speakers will share their wildest goals around the themes of our environment, our people and our economy.

Our People

ASSOC. PROFESSOR PHILIP TUNE
BENDIGO HEALTH

People are the backbone and life of our region, the heart and soul that makes our communities so great. How do we ensure we look after our people? Health and well-being is hugely important for the future of our region. How can we ensure strong, connected, healthy, communities across the region?

Our Climate

PROFESSOR KATE AUTY
ACT COMMISSIONER FOR SUSTAINABILITY AND THE ENVIRONMENT
Climate change and our environment have been on the agenda for quite some time now. But, where are we? How do we rise to the challenges of the future? What are the big hairy audacious goals we should be aiming for to ensure vibrant and sustainable regional communities into the future?

Our Economy

NATHAN CARKEEK
REGIONAL EXECUTIVE, ANZ

It's time to think differently about our regional communities. What are the key indicators of a thriving community? What drives our economy? Where and what are the jobs of the future? To create prosperous regional communities, what key areas should be at the forefront of our future economic development.

TICKETS

\$60 PER PERSON

Register by Monday 27th May
